Major head	OB	Add	Clearance	CB																											
4	<p><b>Consolidated Year Report:</b> One consolidated yearly report in which yearly addition and clearance will be show as given below: Consolidated yearly report on Clearance of wanting items for the year 201...-....</p> <table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th align="center">Major Head</th> <th align="center">OB</th> <th align="center">Add</th> <th align="center">Clearance</th> <th align="center">CB</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table>	Major Head	OB	Add	Clearance	CB																									
Major Head	OB	Add	Clearance	CB																											
5.	<b>Allowing posting of debit vouchers incase the account is open and last fund deductions date is available in the Master:</b> System does not accept debit/credit entries, if Last Fund Deductions date is available in the master data despite the fact that the account is open. Posting of debit voucher should be allowed in such cases.																														
6.	<b>Provision for handling of un-authorized amount similar to FP cases while processing RB payment cases:</b> Provision is required for handling un-authorized amount while processing RB payment cases also as in FP cases.																														
7.	<b>Modification for calculation of unauthorized credits in case of teachers:</b> The interest calculation process in respect of teachers, as they retire on 31 <sup>st</sup> March, is to is calculating correct interest as while we calculate unauthorized credits i.e prior to six months from that 31 <sup>st</sup> March. Necessary modification is to be done to give correct calculation.																														
8.	<b>Development of provision for calculation of interest for negative balance cases while processing with limited interest:</b> While processing cases with Limited interest, provision to calculate interest for negative balance should be developed while system not to give interest to continue in positive balances.																														
9.	<b>Provision for rectification of multiple accounts of any series in one go:</b> Provision for entering a range of accounts in respect of a series (e.g. From A/c no to A/c no.) to enable rectification of multiple accounts of any series in one go																														

	is required.
10.	<b>Development of integrated procedure for fetching authority details:</b> A separate integrated procedure for fetching authority details from the respective table and close the accounts in master table where authorities issued is required to be developed. At present accounts are closed on basis of data captured from the copies of GPF authorities issued. Followed by a change request provision for feeding details of GPF authorities included in this system. Now by development of a separate procedure, this data can be replaced in master data for the purpose of closing GPF accounts. Thus the manual feeding can be prevented and this procedure will run for the purpose periodically.
11.	<b>Provision for showing alert message in FP module in case of omission of a year at the time of authorization by AAO:</b> In FP module while authorizing by AO no alert is displayed if a complete year is omitted from authorization by AAO. This needs to be indicated by giving an alert message to enable the accounts officer to take appropriate action.
12.	<b>Restriction for accessibility of RC/FP/RB cases under process so that no other AAO/Accountant could access/view the cases being process/initiated by some other AAO/Accountant:</b> A control system to be introduced in the FP module which will impose restriction on accessibility of RC/FP/RB cases under process in such way as no other AAO/Accountant could access/view the cases being processed/initiated by some other AAO/Accountant.
13.	<b>Non proper functioning of role function with respect to AISPF module:</b> Role functions with respect to AISPF module is not working properly which needs to be rectified i.e. There are separate roles mentioned in the database for various levels/works. But at present in AISPF database these roles automatically get the powers/functions of DBA. Therefore these roles should be restricted to let the access of those functions which are actually defined for that particular level (e.g. DEO/AAO/AO etc. ) in that role.
14.	<b>Provision for flagging unposted items as cleared:</b> A form/screen needs to be developed for flagging unposted items as cleared because there are items in unposted table against which no correct clearance is possible which are required to be cleared manually.
15.	<b>Need for a provision for the authorization and monthly closing of data in GPF module for captured data related to receipt of monthly credit schedules:</b> a provision was made in GPF module for capturing the data related to receipt of monthly credit schedules by the Fund-24 section. A provision is needed for authorization and monthly closing of this data.
16.	<b>Provision for capturing the subscriber's mobile number:</b> a field needs to be added in the form for allotment of GPF/AISPF account numbers for capturing the subscriber's mobile number.
17.	<b>Provision for printing of duplicate ledger for different year of a particular subscriber in a single screen:</b> Provision is required for printing of duplicate ledger based on the parameter for different years of a particular subscriber in a single screen (e.g from_year 2003-04 to2016-2017)

## II. VLC Application

Sl. No.	Particular
1	<b>Development of interface to upload text file of <u>sanction order</u> being received from various treasuries:</b> Every month sanction order of long term advances in text file is received from various treasuries in this office through the CTS. For uploading the sanction order in VLC application, an interface is required to be developed so that treasury-wise data may be uploaded in appropriate table and utilized.
